WORK SMARTER

WEBINAR NOTES

#1 tip for working smarter in this changing world

"Learn to effectively leverage and utilize ChatGPT. ... Think of it as a virtual assistant that can help you with tasks, creative projects, business and marketing ..., troubleshooting problems and a whole bunch more.

"Bonus: Write out your to-do list and projects you want to accomplish. Then prioritize and re-prioritize your list(s) [at the start of] each week to decide what and when you will tackle your tasks throughout the week."

SPEAKER
