

Life Purpose Planning

Top 10 reflections for high school teens who are preparing for life after graduation.

1. **Seek guidance** from the Lord most importantly, but also from parents, Pastor/church family, family, and friends.
2. **Interview or intern** with someone that is in the field that you are interested in to learn more.
3. **Praise God for and reflect on** the opportunities that he has brought you through in the past, both good and bad.
4. **Don't worry** about going to college just to be like "everyone else". Other options include:
 - a. Interning or apprenticing to learn a valuable life skill.
 - b. Serving the Lord in ministry, your community, or your family (or in preparation to serve your future family).
 - c. Starting a business and being an entrepreneur.
 - d. Pursuing a non-traditional program (or certificate program).
 - e. A "gap-year" program that intentionally trains young people in-between high school and college.
5. If you are thinking about getting a degree, **consider ways to be a good steward of your time and money.**
6. Assessments and planning are **not your fate or destiny.**
7. **Plan for life outside of college.** Consider long term goals in your planning.
8. **Never stop learning!**
9. **Trust God.**
10. **Parents,** pray with your children and let God direct them.
